

RGB vs. CMYK

g-e-s-t-a-l-t

RGB

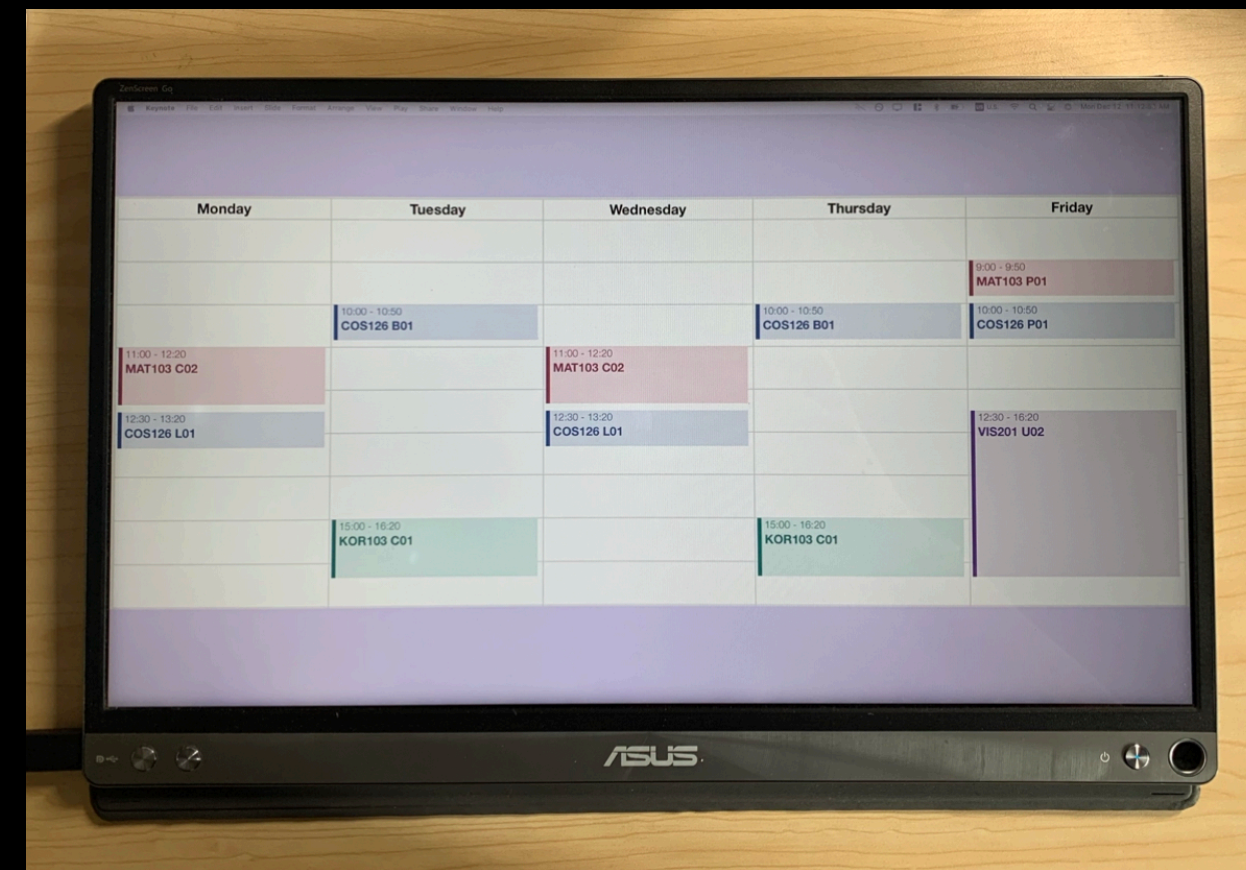

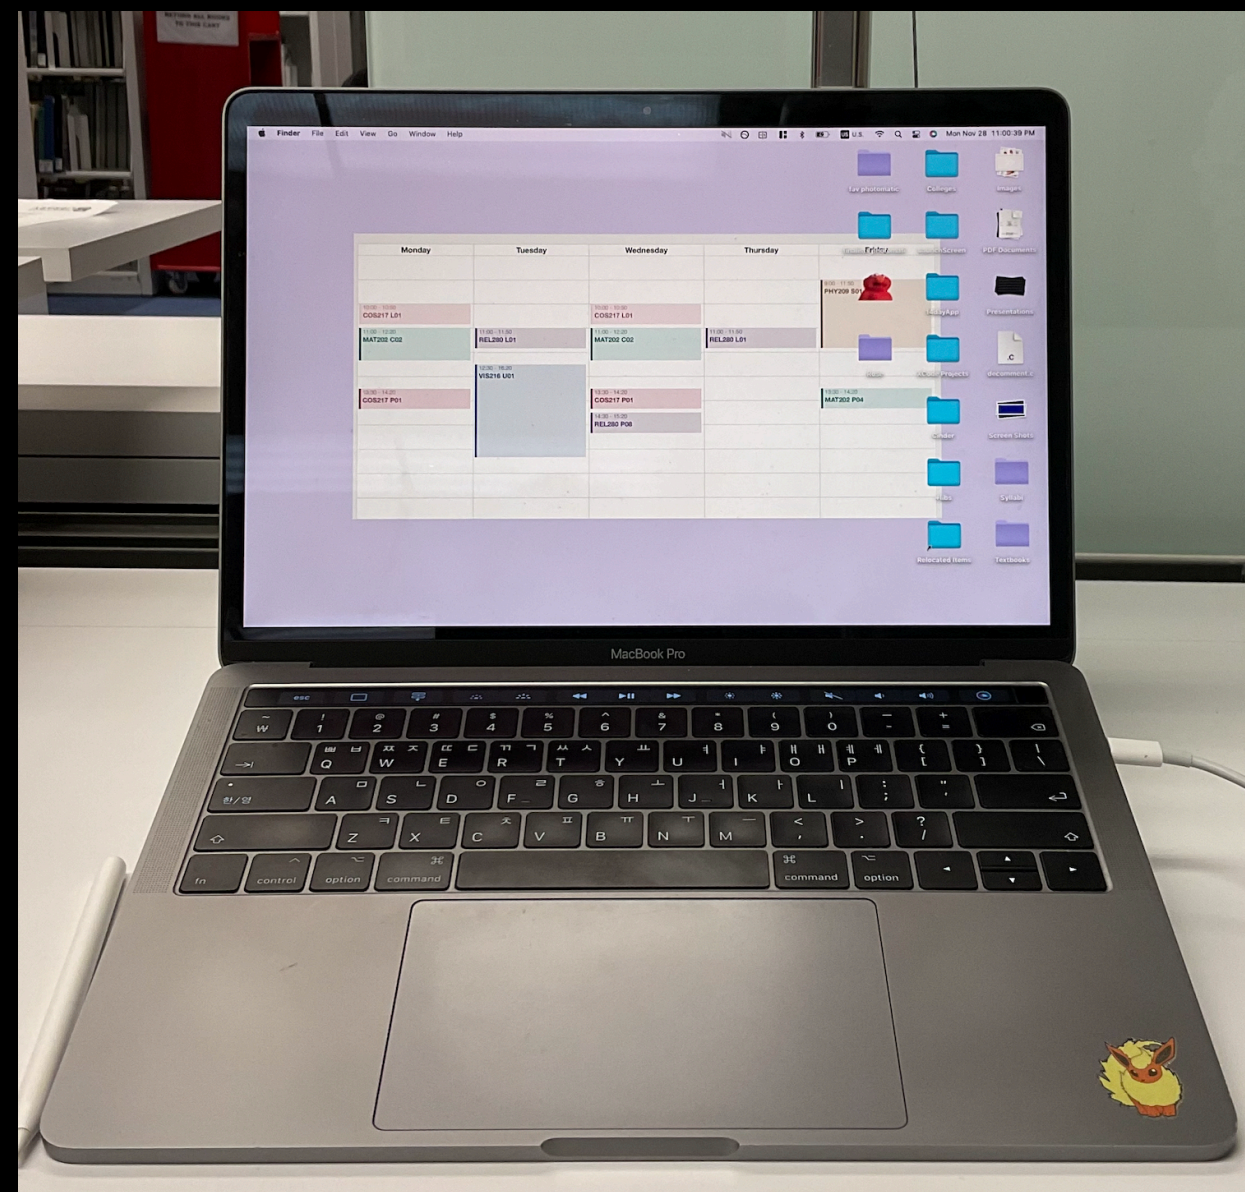

- Exploration of RGB through close up of pixel geometry of different screens

MacBook Pro 2016
Retina Display

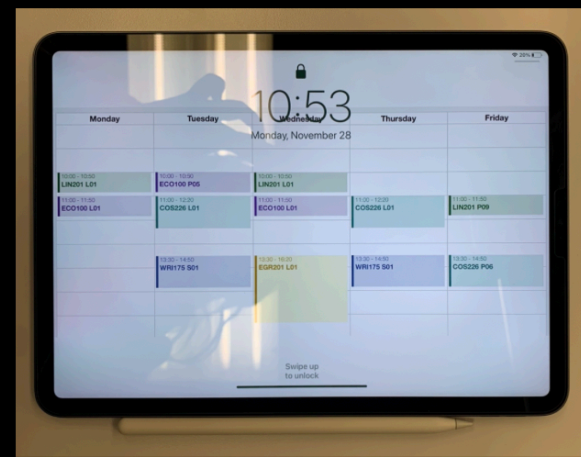

Asus ZenScreen
Monitor

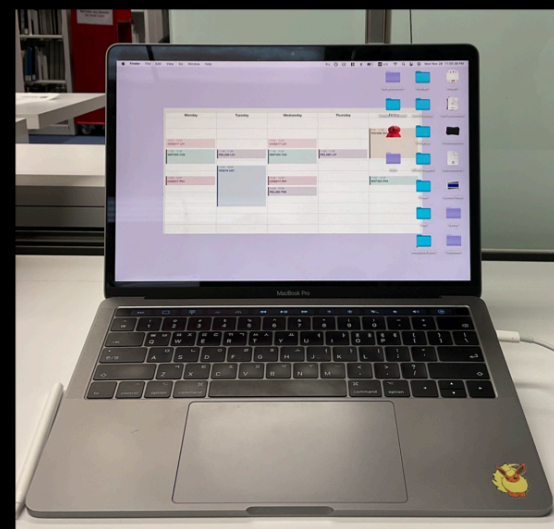

Inspiration

iPad Pro
Liquid Retina Display
11-inch (2388 x 1668)
264 ppi

- Close up pictures of screens using my iPhone XR camera, contrasted with the full screen display

MacBook Pro 2016
Retina Display
13.3-inch (2560 x 1600)
227 ppi

CMYK

Printer CR458

Printer CR579

Printer CR455

Printer CR466

Printer CR360

- Exploration of CMYK halftone dot patterns across different printers

Inspiration

- Close up of a Photoshop-rendered version of CMYK halftone dot patterns
